

Promoting the introduction of area code 368 in Alberta !

Progress Report #1

November 2021

Communications Progress Report #1 !

This progress report is submitted to the Relief Planning Committee (RPC) and CRTC staff for the 368 overlay project. The report outlines the public relations activities that the Telecommunications Alliance (TA) has undertaken to generate awareness for the introduction of new 368 area code in Alberta.

Also included in this document are the reports submitted by individual carriers.

About the Telecommunications Alliance

Canada's major telecommunications service providers have joined forces to develop communications campaign informing the public about the introduction of new area codes in certain calling areas.

Communication Strategies

Since there is no changes in local dialing patterns, the main component of the communication campaign is to conduct a targeted PR campaign to ensure awareness of the new area code with local media, government, businesses and residents.
