

**Promoting the introduction of new area code 548 in
southwestern Ontario**

Final Report

June 2016

Communications Progress Report

This Progress Report is submitted to the Relief Planning Committee (RPC) and CRTC staff for the 226/519 Overlay project.

This report outlines the public relations activities that the Telecommunications Alliance (TA) has undertaken to generate awareness for the introduction of new 548 area code in southwestern Ontario. As the chair of the CATF and Telecommunications Alliance, Bell supervised the execution of this plan.

Also included in this document are individual reports provided by carriers operating in the 226/519 area.

Communication Objectives

- Generate awareness of the introduction of the 548 area code in the 226/519 area.
- Inform consumers and businesses
 - Make them aware that any new telephone numbers may be associated with the new 548 area code
 - Reassure them that there will be no changes in local dialling
 - Limit negative perceptions and reactions to the introduction of a third area code in the region.
- Provide the Telecommunications Alliance members with consistent, core communication materials to be used to generate awareness of this new area code.
- Provide open communication channels to address questions and concerns from residents and businesses regarding the implementation of the new overlay area code.
- Continue to lay the foundation for seamless addition of new area codes in the future.
